Re: State of New Jersey, DEP v.
Scientific Chemical Processing, Inc.
Docket No. C-1852-83

Dear Mr. Egan:

I am in receipt of your letter dated March 13, 1984. We have heard nothing from the principals of Scientific Chemical Processing, Mr. Presto or Mr. Sigmond, regarding their proposal as to the signing of the manifests. My client, Mack Barnes, is employed full time in Pennsylvania, and therefore would not be physically available to participate in the clean-up operation at the present time.

Very truly yours,

Harriet Sims Harvey
